**Subject:** Pickleball in Ross

Dear Council Members,

As a Ross resident, I am writing to express my support for pickleball in Ross. It seems to me that the current situation is not bothering anyone. Has the Council received any noise complaints or merely comments by residents that they are anticipating noise? If you want to be proactive without going nuclear, why not allow what is in place and approve or disapprove applications for new courts on a case-by-case basis. I suggest letting pickleball in Ross play out (no pun intended) and address the matter if an issue develops.

I support pickleball in Ross without restrictions. Restrictions such as no lights for outdoor play or time limits such as 9AM-6PM can be considered as and when necessary.

Cheers.

Dear Yndia,

A few things I'm writing to you about the support for the...  
the current situation is not that simple...  
mainly because the...  
going through...  
counts on a few...  
address the... if we...

I support...  
time limit...
