October 7, 2024

Town of Ross
31 Sir Francis Drake Blvd
Ross, CA 94957

Dear Town Council Members,

We are writing to express our strong support for the proposed changes and minor exceptions to the pool project at 7 Willow Hill Road, which will be under consideration at the October 10th meeting.

Throughout the project, the Grace family has demonstrated both transparency and responsiveness to the concerns of their neighbors. We are happy with the finished product, which enhances the beauty of our neighborhood and provides a safe environment for the families that live in the area following the redwood tree failure in March 2023.

We understand that the town's planning department has approved the necessary exceptions based on input from various subject matter experts, including the town arborist, civil and structural engineers, architects, and licensed contractors. We wholeheartedly support the rationale behind these decisions, especially as they aim to ensure the project is completed in a safe and timely manner ahead of the holiday season.

In addition, we would like to express our **STRONG** opposition to any decision by the town to defer the project and/or impose additional work that would disrupt our families further. As Willow Hill Road is a single point access and narrow road, extending the timeline would only add unnecessary inconvenience to our community. We hope to see this project come to a successful and timely conclusion.

Thank you for your attention and support in this matter. We look forward to a favorable resolution on October 10th.

Sincerely,

Alexander and Lily Uihlein
